

Dr. Yair Maimon, OMD, PhD, is an internationally renowned figure in the field of Integrative and Chinese Medicine with over 30 years of clinical, academic, and research experience in the United States, Europe, and Israel. Dr. Maimon is the head of research and founder of *Tal Center* of Integrative Oncology at the Institute of Oncology, *Sheba Medical Center* in Israel. He is on the scientific and clinical committees of the international congress of the *Society of Integrative Oncology* (SIO). Dr. Maimon has been a keynote lecturer and has taught post-graduate training seminars in many international conferences on Integrative and Chinese Medicine.

Dr. Maimon's research activities are a unique collaboration involving an international team of biologists, medical staff and researchers from Tel Aviv Medical Center, Bar-Ilan University's Cancer Research Center, Tel Aviv Hospital research labs, Miami Nicklaus Children's Hospital Pathology laboratories, Department of General Oncology, The University of Texas M.D. Anderson Cancer Center and the Institute of Oncology, Sheba Medical Center. In addition to research, Dr. Maimon is a fully active integrative and Chinese medical clinician, treating numerous cancer patients and is the head of *Refuot* Integrative Medical Centre.

Vermont Acupuncture Association

Our mission is to provide focus, consensus, advocacy, and resources to the various practitioners and proponents of East Asian Medicine throughout the state of Vermont, and thereby help to facilitate communication between their respective practices and those of the greater East Asian Medicine community around the world.

This VTAA sponsored Acupuncture Oncology course is immediately following the Society for Acupuncture Research International Research conference, June 27-29, 2019.
www.acupunctureresearch.org

The University of Vermont Medical Center recently introduced acupuncture to its services. Please join us for both events (Oncology Acupuncture Course and SAR Conference) to celebrate oncology acupuncture and acupuncture research in the beautiful state of Vermont!

VTAA.org

International Certificate Program for Oncology Acupuncture

TCM Academy of Integrative Medicine's TCM Oncology program provides the Western and Chinese medical background necessary for students to become part of the Oncology treatment ecosystem. This program is the most comprehensive program in the field of oncology acupuncture.

The approach is evidence-based and provides practical tools for TCM practitioners to treat cancer patients with confidence.

Program Content Hours
15 hours of eLearning modules,
15 hours of Live classroom lectures and
20 hours of home study.

Courses are accepted for MA/PhD program credit given by the Nanjing University of Chinese Medicine.

The online program is recognized by the NCCAOM for PDA points.

Oncology Acupuncture Live Workshop in Burlington, Vermont on

Sun, June 30th & Mon., July 1st, 2019,

9:00am - 5:30pm

with Yair Maimon, PhD

15 NCCAOM PDAs pending

The lectures will cover a breadth of subjects relating to TCM, including: analysis of cancer patterns, evaluating pre-existing conditions, side effects of chemotherapy, treatment of the immune system, cases studies, special needle techniques, diagnosis and treatment of different types of cancer, as well as understanding general scientific research and specifically oncology acupuncture research.

The time spent together will allow for a direct education and interaction that modern technology cannot provide. You will meet other practitioners, study together, and get the opportunity to find answers to any questions you have about the online module.

This live seminar can be taken as a stand alone course. For those interested in oncology acupuncture certification, participants taking this live seminar, in addition to the online modules, are eligible for an International Certificate in Oncology Acupuncture.

This Vermont Acupuncture Association sponsored course is first time this training is offered in the United States! Don't miss out on this unique opportunity to learn from with Dr. Yair Maimon!
